## OVERVIEW

The environmental revolution has been in the making for almost four decades now and it has changed forever how companies do business. While it started with corporations in a state of denial regarding their impact on the environment, today most companies have accepted their responsibility to do no harm to the environment. Products and processes are becoming cleaner, and where such change is under way, the environment is on the mend. In the industrialized world, more and more companies are "going green" as they realise that they can reduce pollution and increase profits simultaneously.

The onus of saving the earth has moved from companies to countries. Time has come to put the net zero goals into action.

There are only 2 countries that have achieved their target so far, while others have moved it to 2030 and beyond. India has pledged to achieve net zero emissions by 2070 and the government's commitment is visible with India achieving 40% of its power capacity from non-fossil sources, 9 years ahead of target in 2022.

When we think of mitigating climate change and reducing carbon footprints, turning off lights and driving less tops the list of activities. However, organic and inorganic waste produced by each individual is also a huge contributor to global greenhouse gas emissions. Waste is an inevitable bi-product of human life.

Whether large or small, each of us produces waste. While this is an unavoidable part of our cycle, how we manage the waste becomes the most important factor that affects climate change.

Improper waste management not only produces litter everywhere but also affects our environment, resulting in air, land and water pollution. The mantra to doing our bit is to refuse, reduce, reuse, and recycle. Refuse to purchase whatever is not necessary. Reduce waste production by buying only what you need, Reuse things instead of throwing them away after a single use. Recycle what can't be reused.

While countries have begun to prioritize health, clean and green environment in their efforts to protect people from the impact of climate change, only about a quarter of those recently surveyed by the World Health Organization have been able to fully implement their national health and climate change plans or strategies.

The ball has been set rolling and it is time for me to ramp up the efforts. A step in this direction is the World Environment Expo 2023 (WEE 2023) along with the World Environment Conference 2023 (WEC 2023), being organized by Green Society of India and Indian Exhibition Services with the support of various Ministries and Trade Associations.

# ABOUT THE EVENT (WEE 2023)

**W**EE 2023 is a b2b business platform that will bring together Indian and international environmental technology and equipment manufacturers and suppliers to showcase the very best of technologies in the areas of environmental protection, services, renewable energy, waste management, sustainable buildings, water management, new innovations, and energy efficiency. Exhibitors can display their innovations and technologies to prospective collaborators and policymakers and will be able to connect and network with fellow entrepreneurs. The event will attract overseas exhibitors from America, Germany, Belgium, France, Japan, Korea, Canada, Sweden, the Netherlands, and other countries. The main aim of the expo is to create awareness for the environment, showcase use of technology for environment protection, research & development for new environmental protection technology and provide business opportunities to environment technology and equipment manufacturers. The World Environment Conference (WEC 23) themed around "Save Nature-Save Future" will be held on World Environment Day. The conference will provide an opportunity to discuss and debate technology in the environment, policies in place and the road ahead. WEC 23 would present a global networking opportunity with policy makers, researchers, NGO's, academicians, industrialists and government agencies. The conference is expected to be attended by around 2000 top professionals from across vertical and segments. From the Environment & Allied Industry, Entrepreneurs to Senior Purchase Professionals, industry leaders and experts, enterprise decision makers, Central and State Government Departments, PSUs, Private Sector Companies, Municipal Bodies, Development Authorities, environmental protection boards, as well as environmental protection institutions from India and abroad. Some of the topics that the conference will focus on are environmental protection, climate change, carbon emissions, green building, smart cities, sustainable development, saving energy and natural resources. The Conference will provide an ideal opportunity to the Indian professional to interact with the expert of environment Industry

## GREEN INDIA AWARDS 2023

The Green Society of India will present the prestigious GREEN INDIA AWARDS 2023 to the Environment Protection Community. The awards aim to recognize and felicitate Achievers, Innovators and Suppliers, who have contributed significantly towards the environment, green Innovation and related areas in India.

## PARTICIPATION OPPORTUNITIES

1. Exhibit your Products, Services, Technologies, Initiative and Schemes.
2. Contribute as a Sponsor – Expo & Conference.
3. Register as a conference delegate.
4. Nominate your organization for the Green India Awards 2023.

## EVENT HIGHLIGHTS

- Celebrating World Environment Day: 5th June, 2023
- 200+ Exhibitors World Wide
- 10+ Country pavilion
- 20+ Mayor's Present from all over India
- 4+ Knowledge Seminar Activities
- 15000+ Business Visitors from India and Abroad

# EXHIBITORS PROFILE

## POLLUTION CONTROL

- Pollution Control Equipment's (Air, Water, Noise)
- Ocean Pollution Control Technology
- Environmental Monitoring Instrument
- Pollution Checking Equipment's
- Dust Collector
- Anti-Smog gun
- Environment Protection Services

## RECYCLING AND WASTE MANAGEMENT

- Material Recycling Machine & Equipment's – (For Agriculture Waste /Packaging Waste / Plastic Waste /Wood/Paper/ Thermocol/ E-Waste /Medical Waste/ Waste Disposal /Construction Waste / Glass/ Metal Waste Recycling Machine/Waste Management Equipment's and Technologies
- Food Waste Converter
- Solid Waste Management
- Waste to Energy Technologies
- Sorting & Handling Equipment
- Conveyors Systems
- Safety Equipment for waste handlers
- Waste Treatment Technologies

## GREEN ENERGY

- Renewable Energy
- Solar Energy Products & Technologies
- Wind Energy
- Hydro Energy
- Biomass Energy
- Energy efficiency products
- New Energy Resource Technology

## WATER MANAGEMENT & TECHNOLOGY

- Water Conservation Technology
- Water Pollution Monitoring
- Water Treatment Plants
- Water Treatment Chemicals
- Effluent Treatment Systems
- Wastewater Management
- Sewage & Sludge Treatment

- Water Testing Labs & Equipment's
- Water Storage Tanks
- Cooling Towers
- Rainwater Harvesting

## CLEANING AND SANITATION

- City Cleaning Machines & Equipment & Systems
- Road Sweepers
- Garbage Compactors
- Vacuum Emptier
- River Cleaning Equipment's
- Landfilling Equipment
- Odour Control Equipment
- Garbage Bins
- Portable Toilet

## OTHERS

- Air Purifier
- Carbon Emission Technology
- Green Building Products & Technology
- Laboratory and Testing Equipment's
- Research & Technical Institutes
- Biodegradable products
- Project Finance Companies
- Environmental Consultants
- Sustainable Development Technology
- HVAC Systems & Products
- Eco-Friendly Products
- Eco- Tourism
- Biotechnologies
- Environment Education & Training Institution
- Trade Association, NGO, Media & Publication
- Green Innovations
- Financial Institutions
- Environmental Engineering Companies
- Environment Consultancy
- Ministries, State Environment Department
- PSU's & Govt. Institutions

# VISITORS PROFILE

**Pollution Control Boards**  
**Environment Consultants**  
**Education and Research Institutes**  
**Industrial Plant**  
**Exporters and Importers Associations**  
**Retailers and Suppliers**  
**Municipalities and Development Authorities**  
**Disaster Management Authority**  
**Media**  
**Environment Equipment Manufacturers**  
**Ministries And Government Offices**  
**Project Companies**  
**Dealers and Distributors**  
**Consulting Engineers**

**Architects**  
**NGO**  
**Corporate House**  
**Lighting Consultants**  
**Government Policy Makers**  
**Urban Planners**  
**Builders and Developers**  
**Waste Management Companies**  
**Hospitals and Hotels**  
**Environment Monitoring Authorities**  
**Public Health Departments**  
**Consultants and Advisors**  
**Facility Management Companies**  
**Recycling Companies**  
**Sewage Treatment Professionals**  
**Irrigation Department**  
**Industrial Users From Segments Like Mines**  
**Petroleum And Chemicals, Engineering, Power, Cement**  
**Pharmaceuticals, Plastics and Paper Sectors**

PROMISING STEPS TOWARDS BIOENERGY

Presents

# BIOFUEL EXPO 2023

International Exhibition on Biofuel Manufacturing Process & Technology, Plant Machinery & Equipment's and Allied Industries

**05-07 JUNE 2023**

**Pragati Maidan, New Delhi, India**

## EXHIBITORS PROFILE

- ❖ Biofuel (Biodiesel, Ethanol, Biogas, Biomass, Green Hydrogen) Manufacturers
- ❖ Biofuel Plant's Equipment's & Machine Manufacturers
- ❖ Biofuel Manufacturing Technologies
- ❖ Bio Refinery (Ethanol/Biofuel) Units
- ❖ Steam Turbine, Air Compressor Manufacturers
- ❖ Fabricators & Consultants
- ❖ Research & Development Organization
- ❖ Government Institutions
- ❖ EPC Solution Company for Bio Ethanol Industries.
- ❖ EPC Machinery for Bio Ethanol Plant Manufacturers
- ❖ Beer, Malt, Wine, Carbonated Drink, Starch, Alcohol Grain and Molasses, Malt Sprits Whiskey process, Distillery and Liquor Plant Machinery.
- ❖ EPC solution for Grain Unloading and Milling Section & Grain Processing Machinery
- ❖ Pre Cleaner, Vibro Classifier, Destoners, Material Handling, Aspiration System, Hammer Mill.

## MATERIAL RECYCLING MACHINES, EQUIPMENTS, TECHNOLOGY AND WASTE MANAGEMENT EXPO

### EXHIBITORS PROFILE

- ◆ Material Recycling Machine & Equipment's for:
  - Agriculture Waste
  - Packaging Waste
  - Plastic Waste
  - Wood Waste
  - Paper Waste
  - Thermocol Waste
  - E-Waste
  - Battery Waste
  - Chemical Recycling Machine
- PV & Solar Waste
- Medical Waste
- Waste Disposal
- Construction Waste
- Glass Waste
- Metal Waste
- Food Waste
- Rubber Waste
- Industrial Waste
- ◆ Recycling Technology Manufacturers
- ◆ Water Recycling Equipment &
- Technology
  - ◆ Waste Management Technologies
  - ◆ Waste Treatment Technologies
  - ◆ Wastewater Treatment Plants
  - ◆ Waste to Energy Plants & Technologies
  - ◆ Sorting & Handling Equipment's
  - ◆ Conveyors Systems
  - ◆ Laboratory
  - ◆ Safety Equipment for Waste Handlers
  - ◆ Landfill Management Systems
  - ◆ GPS Tracking Systems
  - ◆ Trucks & Transportation Equipment
- ◆ Construction Equipment's for waste and recycling facilities
- ◆ Material handling machinery
- ◆ Software & Technology
- ◆ Training and Educational Institutions
- ◆ Industry Associations
- ◆ Trade Media
- ◆ Consulting Firms
- ◆ Embassies & Trade Promotion Bodies
- ◆ Government Institutions

# GREEN INDIA AWARDS

5<sup>th</sup>-6<sup>th</sup> JUNE, 2023

Pragati Maidan, New Delhi, India

## TOPICS

- Best Green Startup of the year
- Best Green Business Leader of the year
- Best Green Product Manufacturer of the year
- Best Green Education and Training Provider of the year
- Best Green Innovation of the year
- Best Green Vehicle of the year
- Best Green Technology of the year
- Best Green Commercial Project of the year
- Best Green Highway of the year
- Best Green Transporter of the year
- Best Green Building of the year
- Best Green Building Materials Manufacturer of the year
- Best Green Building Technology Provider of the year
- Best Green Building Consultancy Provider of the year
- Best Green Retailer And Wholesaler of the year
- Best Make In India Green Initiative of the year
- Best CSR Initiative of the year
- Best Pollution Control Equipments Manufacturers of the year
- Best Pollution Control Organization of the year
- Best Waste Management Organisation of the year
- Best Recycling Company of the year
- Best Organic Waste Composter of the year
- Best Bio Waste Management Organisation of the year
- Best Solid Waste Management Organisation of the year
- Best Sustainable Development Technology Provider of the year
- Best Electronic Waste Recycler of the year
- Best Cleaning Equipment of the year
- Best Social Entrepreneur of the year-NGO Working for Environment
- Women Entrepreneur of the year - Green Technology or Green Business
- Best Eco-friendly Product of the year
- Best Organic Farming Entrepreneur of the year
- Best Disposable Items of the year
- Best Eco Tourism Destination of the year
- Best Led Lighting Manufacturers of the year
- Best Clean And Green Energy Producer of the year
- Best Facilities Management Service Provider
- Best Animal Welfare Organisation of the year
- Best Green House Solar Dryer Technology of the year
- Best Recycling Equipments Manufacturer of the year
- Best Green Park of the year
- Best Waste Water Treatment Technology of the year
- Best Waste Management Services of the Year
- Best Green Initiative in Health Care
- Best Green Hospital
- Best Green Airport of the year
- Best Renewable energy producer of the year
- Best e-vehicle manufacturer of the year
- Best EV Technology Provider of the year
- Best Electric Vehicle Equipments Manufacturer of the year
- Best e-Vehicle Charging Station Equipments Manufacturer of the year
- Best Natural Gas Vehicle Manufacturer of the year
- Best Natural Gas Producer of the year
- Best Indoor Air Purification Solution of the Year
- Largest Biofuel Manufacturer of the Year
- Biggest Bio Diesel Manufacturer of the Year
- Biggest Biogas Manufacturer of the Year
- Biggest Bio Ethanol Manufacturer of the Year
- Biggest Green Hydrogen Manufacturer of the Year
- Largest Biofuel Plant Developer of the Year
- Best Biofuel Manufacturing Technology of the Year
- Largest Aggregator of RUCO of the Year

## ABOUT ORGANIZERS

### GREEN SOCIETY OF INDIA (GSI)

Green Society of India (GSI) is a registered and non-profit organization under the societies registration act XXI of 1860 with its head office in New Delhi (India) and working for the environment protection with the aim to create environmental awareness and involved in research, investigative, educational work in the field of pollution, forest, wildlife, land & water use and various aspects of the environment.

### INDIAN EXHIBITION SERVICES (IES)

Indian Exhibition Services (IES) is a leading Exhibition organizing company in India. That has been involved for the last several years in trade promotion activities like exhibitions, seminar & conferences, buyer seller meets in India and abroad. IES major initiatives are Sport India Expo, Fitness India, Rehab India Expo, Sport India Conference, Sports Goods Manufacturers Forum, Sport India Infrastructure Summit, Sport India Fashion Show, World Environment Expo, Greenovation – International Green Building Technology Expo, Biodegradable Expo, World Environment Conference, EV India Expo, E- Charge Forum, India Buildtech, Gas India Expo, NGV India Expo, World Gas Summit etc.

IES is engaged in national and international trade promotion and provide business platform to the corporates, industrialist, and small-scale industry to promote their products through the buyer seller meets & trade exhibitions with the aim to create a bridge between buyers and suppliers.
